Add acreage fees (calculated on reverse) to \$50 annual membership dues.

The undersigned owner and/or operator ("owner/operator") of irrigated farmland located within the geographic boundaries of the East San Joaquin River Watershed understands that the Central Valley Regional Water Quality Control Board ("Central Valley Water Board") has recently issued a Notice of Applicability to the East San Joaquin Water Quality Coalition as a proper third party for administering the terms and conditions in the Waste Discharge Requirements General Order for Growers in the East San Joaquin River Watershed that are Members of the Third Party (Order No. R5-2012-0116) ("General Order"). The undersigned owner/operator also understands that it is his/her responsibility to know and understand the terms and conditions contained in the General Order, and that failure to comply with the General Order terms and conditions may subject the owner/operator to removal from the East San Joaquin Water Quality Coalition, and potentially could subject the owner/operator to enforcement action taken by the Central Valley Water Board.

With these understandings, the undersigned owner/operator hereby elects to participate in the East San Joaquin Water Quality Coalition, and hereby elects to comply with the requirements set forth in the General Order. Owner/operator understands that membership dues are charged to cover the cost of administering the Coalition activities required to fulfill obligations contained in the General Order. A detailed accounting of activities covered by these membership dues will be made available to Coalition members periodically, and are available to all Coalition members on request.

Owner/Operator upon ten (10) days prior written notice to Coalition may withdraw its election to participate. Upon withdrawal, Owner/Operator will no longer be entitled to coverage as member of the watershed coalition group.
